HONORS OF CHRISTIAN BURIAL DENIED TO CATHOLICS DYING SPENDING SUNDAY AT PLEASURE

Bishop Ludden Issues a Drastic Order—Example Made in Murphy Case.

By order of Rt. Rev. Bishop P. A. Ludden the priests of the Cathedral of the Immaculate Conception have refused the honors of Christian burial to William F. Murphy who was drowned in one of the Tully lakes on Sunday morning.

What will be a surprise to all Catholics in the city and diocese of Syracuse is a sweeping order made by the Bishop yesterday and given by him for publication in The Post-Standard.

When asked yesterday concerning his refusal to admit the body of Murphy to the church the Bishop was most emphatic and determined in his attitude towards the violation of the Sabbath by Catholics.

Sabbath for Man; Man for God. "While the Sabbath is made for man, man is made for God. Hence the first duty on the Sabbath is to give glory to God according to prescribed forms of divine service, then sanctified rest and innocent recreation.

Without discussing further the ethics of this question and its discreditation our rule will be to refuse the honors of Christian burial to those who die by accident on the Lord's day, having culpably violated its duties and obligations.

Christian Burial Not Refused. The refusal by the ecclesiastical authorities to allow a funeral from the church and which is styled "the honors of religion," does not imply that Christian burial is refused.
